

TAPESTRI

SQUARE

Tapestri Square is an elegant new residential community located at 21st and T Streets in one of Sacramento's oldest and most desirable neighborhoods, Midtown. Offering three unique single-family brownstone designs, ranging from 1,300 to 2,800 square feet, Tapestri Square is a community where style and substance are interwoven with form and function.

Melding the casual elegance of traditional East Coast architecture with the luxury and convenience of modern West Coast city living, Tapestri Square is a community that stands apart from the rest—where homes are situated around a lush garden, set just walking distance away from quaint coffee shops and high-end boutiques.
